

Infant News

The Infant program welcomes Damir and his family to Adventures.

During August we will continue to spend a great deal of time outdoors (weather permitting). We will also be blowing bubbles and watching the children's facial reactions to the bubbles. We will be singing songs such as "Row, Row, Row Your Boat" and "ABC" during this month. The infants will continue to work on rolling over onto their bellies.

With the warmer weather the infants have been spending more time going outside for walks and on gross motor activities outside on the playground. Please check your child's clothes bin for appropriate extra summer clothing and sun block.

Please send in photos of family and friends for the classroom.

Enjoy the rest of the summer!

Toddler News

The toddlers will have a very busy and exciting month during August.

During zoo week (August 2nd – 6th) the toddlers will create masks of their favorite animals and use our gross motor skills and imagination to pretend to be them.

The theme for the second week (August 9th - 13th) will be Space. The toddlers will be creating a rocket ship to put in our dramatic play area. We will be talking about the nine planets and making shiny stars with glitter.

During the third week of August, we will study the Ocean (August 16th – 20th). We will be learning about various types of ocean life. The toddlers will be creating octopuses using paper bags and using fish sponges to paint an ocean scene. Puddlestompers visits Adventures on August 20th with their Marine Life Program.

For our last theme in August we will enjoy exploring the islands. We will strengthen our fine motor skills by stringing Hawaiian leis and cutting paper to make grass skirts. During creative art time we will paint with blue and green to make islands.

Special activities during the week of August 23rd to 27th are being planned. We will celebrate with a pizza party and pony rides on August 27th and an ice cream party on August 25th. Please see calendar for dates of all events.

Reminder- Please remember to bring in appropriate clothing during the summer months. Your child needs a bathing suit, towel, and water shoes as well as sun block for outside play and an extra change of clothes.
